

## Instruction

### Visual Prompt:

### Text Prompt:

Please help me describe this picture in detail.

## LVLM Response

### Decoding Method:

(Greedy 🤖):

The image is a black and white photograph depicting a street scene. In the foreground, there is a street sign mounted on a pole, which reads "Cars parked on this spot will be towed away. Expense: \$1.00." Below this sign, there is another sign that says "One Way." The pole also has a small, round sign attached to it, ...from the early to mid-20th century. The street is lined with trees, and there is a sidewalk in front of the house. The ground appears to be paved, and there is a chain-link fence visible on the right side of the image. The overall style of the photograph, including the clothing of the people and the design of the cars, suggests that the image was taken in the mid-20th century.

(Dola 🤖):

The image is a black and white photograph depicting an urban street scene. In the foreground, there's a tall lamppost with multiple signs attached to it. The top sign reads "CARS PARKED ON THIS SPOT WILL BE TOWED AWAY OWNERS EXPENSE." Below this, another sign indicates that parking will be enforced from 7 AM to 6 PM on weekdays. In the background, there are additional signs. One points towards the left, indicating "PLYMPTON ST.," while another points to the right, saying "ONE WAY." There's also a smaller sign below the one-way sign that appears to say "N.E." The style of the photograph suggests it could be from the mid-20th century, given the design of the signs and the architecture of the house. The overall atmosphere of the image is quiet and residential, with no people visible in the frame.

(ICD 🤖):

This is a black and white photo depicting a residential street scene. In the foreground, there is a street sign mounted on a narrow metal pole. The sign states "CARS PARKED ON THIS SPOT WILL BE TOWED AWAY AT OWNER EXPENSE NOT NEELY," ...which implies that the entrance might be at a lower level, possibly a basement or a ground-level interior. Overall, the photo provides a glimpse into a suburban area, capturing elements of residential life and urban infrastructure.

(VCD 🤖):

The image appears to be a black and white photograph of a neighborhood street scene, likely taken in the mid-20th century, given the cars and signage.... Below it, another sign reads "AWAY TOWNES EXISTENT, NEST. \". The text does not provide additional context. The pole itself is topped with a black metal cap....The image has a nostalgic quality due to its black and white aesthetic and the architecture that can be associated with older residential neighborhoods..

(ALD<sup>2</sup> (ours) 🤖):

The image is a black and white photograph of a two-story house with a gabled roof and a prominent front porch. The house is located on a street with a sidewalk and a street sign that reads "Plympton St." There is a metal fence to the right of the house. A pole with a sign on it is in the foreground, which is not fully visible but appears to be a parking or no parking sign. The style of the image suggests it is an old photo, as indicated by the monochrome color scheme and the design of the signs and the house. The image is taken from a slightly elevated angle, and the focus is on the house and the immediate surrounding area.
